Critical (digital) literacy in ELT

BLOCK A

Theoretical foundations

What is culture? What are sociocultural literacies? What are *the Critical* and critical literacies? How does this connect to the Digital?

BLOCK B

Practical implications

How does this look like in practice? What are the frameworks of practice? Which are the questions I need to answer while planning my lesson (what, how and why)? What tools, methods and (digital) materials can be used? Which social justice themes can be addressed (e.g. racism, sexism, climate crisis etc.)?

BLOCK C

DIY - Let's try it ourselves

Creating critical lessons together

Examples of gender-related topics picked by students:

1. Gender representation in Disney movies
2. Queer critical literacies in football
3. Fast fashion and gender

Continuous (weekly) feedback and redesigning
